Summary

Ai Full Stack Developer | Prompt Engineering Specialist | Generative AI Engineer | Front-End Developer | Data Analyst
MCA student and entry-level Full Stack Developer with proven experience in building scalable web applications, RESTful APIs, and analytics dashboards using React, Django, Python, and MongoDB. Skilled in integrating Generative AI into applications through prompt engineering, GPT-4, and OpenAI APIs. Proficient in data analysis with Python libraries and experience in cloud computing, machine learning, and cybersecurity. Adept at leading teams, optimizing workflows, and delivering measurable improvements in productivity and efficiency. Passionate about creating innovative, user-centric solutions that bridge full stack development with cutting-edge AI technologies.

Education

MCA, MIT Vishwaprayag University, Oct 2023 – July 2025

Relevant Coursework: Python, Data Analysis, Machine Learning, Web Development, Digital Image Processing, DSA, Mobile Application Development, Cloud Computing, Cyber Security

BCA, AKIMSS Solapur, July 2020 - June 2023

Experience

Internship | Earth Solutions
Project: Cyber-Insurify (6 Months)

- Developed responsive front-end interfaces using React and Bootstrap 4, improving UI/UX for cyber insurance workflows.
- Designed and integrated scalable backend APIs using Django Rest APIs.
- Collaborated with cross-functional teams for seamless deployment and code quality assurance.

Internship | MIT Vishwaprayag University

- Built a Python-based analytics application using Django, enhancing internal data analysis by 25%.
- Developed and deployed a dashboard for marketing insights.

Skills

- **Technical Skills:**
  - **Programming Languages:** Python, C, Java
  - **Web Development:** React, HTML, CSS, Bootstrap, Tailwind, Django Rest APIs
  - **Databases:** MongoDB, SQL
  - **Data Analysis & ML:** Pandas, NumPy, Seaborn, Matplotlib, Scikit-learn, TensorFlow
  - **Prompt Engineering:** GPT-4, OpenAI APIs, Prompt Design & Optimization
  - **Tools:** GitHub, Power BI, Postman, Jupyter Notebook
- **Soft Skills:**
  - **Communication, Problem-Solving, Time Management, Leadership, Teamwork, Collaboration**

Course Certifications

- Advance Machine Learning - Coursera
- Introduction to Android Mobile Application Development – Coursera
- Cyber Security Threat Management – CISCO
- Generative AI and LLMs - Coursera
- Introduction to Cyber Security - CISCO
- NDG Linux Essential – CISCO
- Computational Thinking for Problem Solving – Coursera
- Practical Python for AI Coding 1 - Coursera
- Introduction Cloud Computing – Coursera
- Power BI for Beginners - Coursera
